

ACTIVITY 6

# Why don't all girls go to school?

All over the world, many girls are not able to go to school. Play a game of "Pencils and Rulers" to find out why!

You will need a die and one marker for each player. Take turns to roll the die and move along the spaces in the game. The first player to reach the school wins. The rulers tell you why many girls in the world can't go to school. The pencils tell you how UNICEF's help makes a difference. If you land on a pencil, you can take a shortcut to school. If you land on a ruler, you slide down again.
